Cina Nail Creations New Cabaret Nail Art Collection!

New ball and chained nail art!

Valencia, CA – August 1, 2011

Chains have always been a hot accessory so why not try it on your nails? These tiny ball chained nail art pieces are great for any type of nail art application. The chains can be used around specific works of art to spotlight them or it can be worn just over polish! Create simple or avant-garde type nail art styles for your clients.

The new Cabaret collection includes: 6 different shades of ball chains (pink, dark pink, gold, copper, black and silver) and 2 different ½ ball pieces for a 3D look (small in gold, larger in a copper tone gold and small and large crystal rhinestones)! For clients that wear artificial nails, a UV gel seal can be used to hold the chain in place: simply dab a coat on the nail plate, place the chain in place and quickly cure the gel sealant in place. This will prolong the life of the nail art. For customers that wear polish and want a little extra enhancement, just use an extra thick top coat and place the chain in place. Let the nail art dry thoroughly. Let your clients' nails be their best accessory this winter with some fashionable new nail art pieces.
